

Description

FibreGreen® 100 is a 100% recycled, lightweight, kraft paper made with a minimum of 70% post-consumer recycled fibers that meets FDA requirements for direct food contact.

FibreGreen 100 is suitable for most typical converting applications.

FibreGreen 100.
The ultimate in eco-consciousness from Longview.

Benefits

- Composed of OCC (old corrugated containers) processed in our state-of-the-art OCC facility
- Clean, bright and easily converted
- Meets FDA (Food and Drug Administration) requirements for direct food contact
- Wide range of basis weights
- Sustainable Forestry Initiative® (SFI) certified

Compliance

FibreGreen 100 is manufactured in compliance with FDA, CONEG and RoHS regulations. Our paper is thoroughly tested to ensure that strict substance limits are met.
