Dear Valued Supplier/Carrier:

Re: Longview Supplier/Carrier Gift Policy

We recognize that the practice of giving 'business gifts' exists in certain businesses. At Longview Fibre Paper and Packaging, Inc., we think this practice has the potential to raise embarrassing questions for both the gift giver and recipient. We also believe that the most productive relationships with our suppliers and carriers are based on merit, considering among other things, price, quality, delivery capability, reputation for service and integrity. Our employees are aware of this policy and your continued cooperation is earnestly solicited in order to forestall any embarrassing situations, either to them or to you. We believe that mutual recognition of this policy has been a factor contributing to the excellent relationships which we enjoy with our suppliers and carriers. We take this opportunity to thank you for your cooperation in adhering to this policy."

Any questions about the information presented here should be directed to your Longview Procurement or Logistics contact.

Sincerely,

Eric J. Choltco
Director, Strategic Sourcing

Laurie L. Merwin
Corporate Transportation Manager
